This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PREFACE

On presenting this directory to the people of Everett, the publishers wish to thank their patrons and all who have in any way assisted in its publication.

A careful inspection of its pages will give some idea of the labor involved in its production, and it will show a great improvement in accuracy and matters of detail over any other similar publication.

The most valuable addition to this work is the House Guide upon which no expense or labor has been spared and which will be found admirably arranged for ready reference, and will be especially helpful in ascertaining the correct way of spelling the names of individuals and locating their residences and places of business.

Attention is called especially to the diagrams of the Boston theatres to which has been added the new Majestic, and to the large increase in the number of names.

SUGGESTIONS.

Never send money or valuable matter of any kind in a letter without having it registered. The fee for registration is eight cents. Have your mail addressed to street and number, with name and address of sender on upper left hand corner. By so doing you will insure its prompt and regular delivery. When changing your residence, notice should be left at the Post Office or given to the carrier. All irregularities in delivery should be reported to the Postmaster for correction. There is no limit of weight to first or second-class matter or single book; all other matter is limited to four pounds. Liquids can only be mailed in metal or wooden boxes. Persons sending postal cards with the words "in haste," or other words unconnected with their delivery, written upon the address side of the card, subject the same to letter postage, and they are held as unmailable.

RATES OF POSTAGE.

FIRST-CLASS MAIL MATTER.

Letters.—This class includes all sealed matter or otherwise closed against inspection or anything containing writing. Postage 2 cents an ounce, or fraction thereof. Registered letters, 8 cents in addition to the regular postage.

THIRD CLASS.

Mail matter of the Third Class includes books, transient newspapers, periodicals, circulars and other matter wholly in print, corrected proof-sheets and manuscript copy accompanying the same. MS. accompanied by proof-sheets, letter rates. Printed circulars may have the date and name of the sender and person addressed written therein. Limit of weight, 4 pounds each package, except single books, weight not limited. Postage, except as below, 1 cents for each two onnces or fractional part thereof; full prepayment compulsory; not sent if not so prepaid. Newspapers and regular publications, 1 cent for each four ounces or fractional part. This rate applies to nothing mailed to foreign countries.

FOURTH CLASS.

Embraces merchandise and all matter not included in the 1st, 2d or 3d classes. Limit of weight 4 pounds. Postage, 1 cent each ounce or fraction thereof prepaid. All packages of matter of the 3d or 4th class must be so wrapped or enveloped that their contents may be examined by postmasters without destroying the wrapper. Must not be sealed. Matter of the 3d or 4th class containing any writing except as here specified will be charged with letter postage; but the sender of any book may write names or addresses therein, or on the outside, with the word "from" preceding the same, or may write briefly on any package the number, price or the names of the articles inclosed.

MONEY ORDERS.

Payable in the United States (which includes Guam, Hawaii, Porto Rico and Tuttuila, Samoa), also for orders payable in Canada, Cuba, Newfoundland, the U. S. Postal agency at Shanghai (China) and he Philippine Islands.

An order may be issued for any amount from 1 cent to $100 inclusive, but fractional part of a cent cannot be included. When a larger sum is to be sent, additional orders must be obtained. The fees charged for Money Orders are: For Orders for sums not exceeding $2.50, 3 cents; if over $2.50 and not exceeding $5.00, 5 cents; if over $5.00 and notexceeding $10.00, 8 cents; if over $10.00 and not exceeding $20.00, 10 cents; if over $20.00 and not exceeding $30.00, 12 cents; if over $30.00 and not exceeding $40.00, 15 cents; if over $40.00 and not exceeding $50.00, 18 cents; if over $50.00 and not exceeding $60.00, 20 cents; if over $60.00 and not exceeding $75.00, 25 cents; if over $75.00 and not exceeding $100.00, 30 cents.

HOUSE GUIDE.

The street directory gives the location of each street, and shows what other streets and places run from and across it. The house numbers are given in left and right hand columns, with the names of heads of families and persons in business, in the order of location.

Houses without numbers are indicated by a —, and the dash is also used opposite connecting streets to indicate whether such streets begin or end on the left or right side.
